

VISUAL
ANIMA

2023 - 2024

Congratulations

You're getting married!

Now comes the fun part - getting to choose who is going to document your wedding or elopement, so you have something amazing to keep forever to immortalise your big day.

My name is Josh, and I would be bloody honoured to do this for you...

Remember - This day is meant to be a celebration and fun. I'm here to help remind you of that...

5hrs Photography &
5hrs Videography

A gallery of stunning imagery

3 - 4 minute highlight film
1 minute teaser

\$ 4 1 0 0

Frequently Asked Questions

How many images do we receive?

There is no limit to the number of images you may receive. I always endeavour to capture as many awesome moments as I can. You then receive a full, professionally edited digital gallery that you can browse through time and time again, and select your favourites to blow up, print and hang at home, or use for your website, printable media and socials.

On average, a full day wedding might receive anywhere between 600-800 photos.

Do you supply the raw images and footage?

Short answer- no. RAW images are in an unreadable format unless you have professional editing software. I supply you with all the best images taken, so there is no need for the RAW formatted images. This, too, applies to video.

This is also done to protect the integrity of my work and what is released publicly. However, if you want the RAW files, you can purchase them at the additional price of \$600 - including all images & film.

How far will you travel?

I'll travel anywhere in the world!

Travel costs are included in my prices for gigs from Brisbane, down to Byron Bay, and out as far as Canungra. If your shoot is outside of this range, I ask that travel costs are covered - be it airplane ticket, fuel, accommodation or anything else required to arrive safely at your destination.

If you're unsure if I can come to you, just ask!

What Is your payment schedule?

A mandatory 25% non-refundable deposit is required to secure your date.

The remaining balance is due 14 days before your wedding day. You can choose to either pay this off between the time you book and the time of your wedding, or you can make the other 75% payment in full before the due date. But, I know life happens – so if you need more time to pay, please get in touch. I'm always happy to help!

What if we need to cancel or reschedule?

Your 25% deposit is nonrefundable.

So, in the unfortunate event of a cancellation, you won't receive this 25% back as I may have already turned down another wedding on that date. If you have made extra payments, you will be refunded those payments in due course at the discretion of Anima Visual.

If you have to reschedule your date, I can simply transfer your deposit to that date – although this is subject to availability on our part. This may be a case where someone else has to photograph or film on my behalf. Not to worry – only trusted industry experts are engaged!

Do you use a drone?

Unfortunately, I currently don't offer drone service.

However, you can always outsource this to another vendor if you would like the drone footage, who can then give it to me to work in to your film at no extra charge.

Can I see more of your work?

Of course! You can find more of my work across my website, social media channels and affiliates websites. Just search for Anima Visual in Google, and go to town!

How long before I receive my photos or film?

I will always strive to get your content to you as fast as possible.

You will receive a few sneak peek photos (approx. 30-50) a day or two after the wedding, & a 60 second teaser film within the first week.

I aim to get your final photos and film out to you as soon as possible. But, sometimes during peak wedding season, I do ask that you allow 4-6 weeks for photos, and 6-8 weeks for your full highlight film.

Are your hour consecutive, or can we break them up?

Coverage time is always consecutive. For example, if I begin at 1pm, I will finish at 9pm.

This means that any travel time between locations is included in your time, and is something to consider when deciding where and when to prepare. Should you need extra time, additional hours can be added at a rate of \$150/hour.

Do you cover Bride & Groom prep?

I can certainly capture the bride and groom prep with one videographer and/or one photographer if your prep locations are in the same vicinity.

If your locations are further than 15 mins away, it may pay to get a second photographer so your coverage isn't chewed up by travel. Speak to me if you need more info!

Next Steps

100% Confidence

You probably still have lots of questions! And that's okay! If you like, I can always organise a phone call, or FaceTime so we can have a chat and put your mind at ease.

I want you to be 100% confident in choosing Anima Visual!

Contract & Deposit

Ready to lock it in?

Let's make it happen! For weddings, I require a signed contract and a nonrefundable 25% deposit to lock in your date. The owing amount is due 14 days prior to your shoot - you can pay this off in lump sums or all at once at your convenience. You'll receive automated reminders just in case!

The Process

I'm not just here for you during your shoot - I'm here for the whole process from conception to creation! If you need help with your timeline, or you're a bit unsure of what the best way to organise your photography/videography times...

Just reach out and ask!
